Users can also get their account balance through an itemized statement in the mail on either a monthly or quarterly basis— or, if snail mail is too slow, they can call up E-ZPass's automated telephone system. If you're constantly on the go and unable to check your account manually, a toll fare display near the E-ZPass lane will display messages as you drive by, including "low balance" warnings. Simply put, E-ZPass is a more convenient way to travel through toll stations. Drivers don't have to worry about sitting in long lines or having cash on hand. Since passholders just drive on through the toll plazas, the E-ZPass system is also helpful in reducing traffic congestion, which, in turn, helps reduce auto emissions, especially in populous areas like New Jersey and New York. Elvis fudge is a treat that features the King of Rock and Roll's favorite flavor combination: peanut butter and banana. It consists of a layer of peanut butter fudge with a layer of banana and white chocolate fudge on top. Not sure if E-ZPass is worth it? Although other ETC systems in non-E-ZPass states use similar technology, the ever-expanding E-ZPass has rebranded quite a few of these other ETC systems and toll lanes, making it a great long-term investment. With E-ZPass, drivers receive a toll transponder— a small device that can be easily attached to a vehicle's windshield, thus allowing the toll lane to recognize the car as an E-ZPass holder. As the vehicle passes through the specified lane for the program, an overhead antenna searches for and reads the toll transponder. The driver's E-ZPass account is then charged the proper toll amount.
